Electives TLCM 256 Newscasting, or  
TLCM 269 Special Applications in  
Photography

All BPCC students are expected to be familiar with College policies, requirements, procedures and regulations. Students must assume final responsibility for being acquainted with College policies. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation.

Students pursuing associate degrees, academic certificates, or technical competency areas at BPCC must declare their intent to do so. Curricular requirements become effective at the date of the declaration of the academic major and do not date from the point of original enrollment in the College. If the student resigns or does not enroll for one semester, the student would have to meet the requirements of a new curriculum.

The student is responsible with all the requirements of the degree program and should consult with his/her academic advisor when necessary. Each student assumes the responsibility for scheduling courses which are applicable to degrees and for taking courses in proper sequence to ensure the orderly progression of work.
