

Course Menu Design

Instructors manage the appearance of the Course Menu (navigation) from the Course Design page. They can choose to use buttons or text links and select colors and design features.

Text Menu

Choosing to stay with the default Text option, you will have the two options to choose for the background color and text menu color.

Select Style Properties Options:

Select background color for navigation: Click Pick and select a background color for the Course Menu.

Select a highlight color for the navigation: Click Pick and select a color for the text in the Course Menu.
