Research planner

The research planner is meant to assist you in organizing quotes from secondary sources. Each quote from a secondary source should be supported with evidence from the text. To ensure that both quotes are equally supported take a few moments to think about how they relate. Using this method will help you stay on track with your thesis.

Thesis:

First thesis point: (topic sentence for this body paragraph)

1. Quote from secondary source:

2. Example from text:
3. How do they relate?
