**7.8 Administrative Support & Faculty Qualifications:**

There must be evidence of appropriate administrative support from the institution for the technology, management, and applied engineering program/option including appropriately qualified administrators, an adequate number of full time faculty members and budgets sufficient to support program/option goals. Full time faculty assigned to teach courses in the technology, management, and applied engineering program/option must be appropriately qualified. Faculty qualifications shall include emphasis upon the extent, currency and pertinence of: (a) academic preparation; (b) industrial professional experience (such as technical supervision and management); (c) applied industrial experience (such as applied applications); (d) membership and participation in appropriate technology, management, and applied engineering professional organizations; and (e) scholarly activities. The following minimum qualifications for full time faculty are required (except in unusual circumstances which must be individually justified):

- a. Associate Degree:** The minimum academic qualifications for a regular full-time faculty member is expected to be an earned bachelor’s degree in a discipline, or in certain cases for documented reasons, an associate’s degree plus professional certification/licensure closely related to the faculty member’s instructional assignments.

Policies and procedures for faculty selection, appointment, reappointment and tenure shall be clearly specified and shall be conducive to the maintenance of high quality instruction. Faculty teaching, advising, and service loads shall be reasonable and comparable to the faculty in other professional program areas.
